A Neighborhood Like Neighborhoods Used To Be

Spring Has Sprung!

Warmer weather is here, and that means the All Saints Neighborhood bus is busier than ever taking folks to interesting destinations. Staying connected to the greater community is so important and fun! There were trips to see spring blooms at Brennans Market and the UW-Arboretum, trips for ice cream treats, a wine-tasting at Wollersheim Winery in Prairie du Sac, great music at the Stoughton Opera House and Verona Area High School Performing Art Center and a fascinating tour at the Milton House Museum. Getting out and about creates great memories, strengthens friendships and helps keep that zest for life!

Celebrating Earth Day

There are so many ways to commemorate this wonderful world we've been given to care for. Memory Care folks painted birdhouses and planted seedlings. Assisted Living also did some planting and went on a nature scavenger hunt. They also learned about the butterfly life cycle. For the past month they've been watching the complete metamorphosis, and earlier in May they were able to release four beautiful butterflies.

Kentucky Derby Day

It was all about stylish hats, Mint Juleps and having the fastest horse as the whole Neighborhood celebrated the 151st Run of the Kentucky Derby!

We Love Our Volunteers

April was Volunteer Appreciation Month. Pictured are 17 of the assisted living residence volunteers. We are so thankful for everyone who shares their time and talents across our Neighborhood.

Delightful Dancers

What a joy it was to welcome the Magnum Opus ballet dancers in May. This Madison dance company makes it their mission to "dance with integrity while spreading the zeal of our Creator through pure artistic movement." They certainly did just that. Their performance was amazing, and afterward they spent precious time talking with folks. We hope they'll be able to come back again soon.

Sharing Smiles

A big thank you to Resident Assistant Mary and members of her Society of St. Vincent de Paul group for coming in April to paint pots, plant flowers and play cards with assisted living folks. Everyone had a wonderful afternoon spending time with these caring young people!

Beneficial Presentations

Over the past two months, folks from across the campus have attended two very worthwhile programs on staying mentally fit. Therapists from Encompass Health Rehabilitation Hospital of Fitchburg shared information on brain health and the positive impact exercise, social interaction, good nutrition and managing stress can have. Tim Decorah, former Waunakee high school teacher of Senior Apartments Property Coordinator Marissa, continued to build on this topic. He talked about his challenges with generalized anxiety disorder over the years and shared helpful coping skills he's learned. We so appreciate his willingness to share his story to help others improve their quality of life and well being.

Thank you, Mothers!

What a joy it was for family members to spend time with their dear mothers on Mother's Day. The apartment ladies had two days of celebrations - a lovely breakfast together and a delicious catered lunch from Blue Plate Catering.
